FROM THE GFL, ABOUT THIS SYMBOL

Welcome dear readers of this text. We are a small group within the larger Galactic Federation of Light who are bringing forth this new symbol to assist humanity at this time of ascension.

The lines and shapes depicted in this form are multi-dimensional in nature. Its simplicity belies the power contained within to help humanity shed its lower-vibrational aspects of being and self-identification with stagnant thoughts, feelings, emotions. Allow this new symbol to be your personal catalyst for change into higher-vibrational thought forms and living.

You have asked for assistance and we are providing it. Accept this gift and allow its energy to do its work.

The circle above represents the everlasting and ever-more circle of life—of existence—not only here, but EVERYWHERE. Omnipresent and all-encompassing, of which we are all a part.

The three sides of the pyramid represent 1) HEALTH, 2) WELL-BEING and 3) LIGHT/VISION.

The three legs of the pyramid represent 1) GROUNDING, 2) STABILITY and 3) STRENGTH.

Visualize this symbol daily. Draw it, see it. Look at it. Imagine it in your heart space.
